“

I deeply appreciate the support & partnership with VFW Post & Auxiliary 9133 . This past Christmas, Auxiliary 9133 adopted two families for holiday gift and meal giving. Without the generosity of the Post our Veteran families would not have had food & toys over the holiday season. The Auxiliary went above & beyond to coordinate with the Cohen Clinic & the families to meet a critical need . I am so appreciative of their efforts.”

“

Our
partnership
with the
VFW
Auxiliary has

been imperative to continue the advancement of our organizational goals not just within Onslow County, but across the state of North Carolina. The Auxiliary of Post 9133 has been an integral part of the community they serve, ensuring that veterans and their families have reduced barriers to access mental health care and food resources.”
